# Dylan Steven España Cervantes

## FULL STACK

## PROFILE

**Full Stack Developer (Backend and Frontend)**, with about **1 year of experience** using different technologies and implementing a *clean and scalable code structure*.

I also have *knowledge of both traditional and digital marketing and finance*.

I am currently learning different things about technology and skills entrepreneurship, some of them are: **BI, AI, Negotiation, English and among others**. I consider myself a *self-taught person* and with a *strong attachment to the business world*, for this reason I like to learn a little from all areas.
